

AIR MAIL:

November 12, 1937

My dear Mr. McGill:

Will you let me have a reply by return Air Mail or telegram in answer to my wire of November 8 asking that you ascertain from the State Teachers Association if Mr. Thurgood Marshall will be given an opportunity to speak when there will be a full attendance; also whether the Teachers Association can bear Mr. Marshall's travelling expenses of approximately seventy-five dollars, or any part thereof.

As you know, our work here is heavy and our staff is small; so we have to plan our schedules considerably in advance. Therefore, we must know as soon as possible if it is desired that Mr. Marshall come to Florida to speak for State Teachers Association.

Ever sincerely,

Secretary
