Hon. Walter White.
Sec. N. A. A. CP
New York, N. Y.

My dear Mr. White: Attached
hereto find portion of an article
published in the Key West Citizen
of April 30th.

The writer, Rev. Dr. Barrett is a Presbyterian minister. He is also a medical doctor and served in the British Army during the World War, and has reached the rank of Major. The article explains his whole attitude towards us. He is doing all he can to assist us.

Respectfully yours

LOOK, that we did love, we see
man in a beautiful garden that
God has planted. In the closing
chapters we see him in a beauti-
ful city.

One observes the great amounts now available for useful projects and the applications made. I wonder if our active and most helpful School Board, with our capable County Superintendent, will think the time has come when the Douglass School Building should be replaced by a modern structure worthy of our community and suitable for the work they seek to accomplish? May I suggest that more of our white citizens who are public-minded will pay a visit to that institution on Emma street and judge for themselves as to the need of such a public institution.

It would give work to many of our Key Westers. It would be a credit to our city and a great satisfaction I am sure, to our educational leaders in Key West. I hope it will be done.

A. DeBARRITT.
